

**BALTIC**  
— INSTITUTE —  
OF CORPORATE GOVERNANCE

## New Vice President of the Baltic Institute of Corporate Governance appointed

We are pleased to inform about the strengthening of the leadership team at the Baltic Institute of Corporate Governance. Rytis Ambrazevičius is joining as the Vice President of the Institute as of June 10, 2015.

“With great pleasure I am meeting Rytis Ambrazevičius in our team. I am convinced that his vast experience in corporate governance and operations development throughout Baltic region will excellently contribute to the successful development and goals’ achievement of the Institute” – said Paulius Martinkus, President of the Baltic Institute of Corporate Governance.

Rytis Ambrazevičius has long term and successful experience of serving in many large international companies and organizations both in business development and corporate governance. Rytis has graduated from the board member and chairman education programs as well as he has been actively involved with institute as a member.

“I would like to welcome Rytis Ambrazevičius as he takes the important responsibility as the vice president of the Baltic Institute of Corporate Governance. He will be in charge of engaging members’ community, strengthening the recognition of the Institute as the leader of advanced business society and actively contributing to the introduction of corporate governance values among businesses in Baltic states” – said Antanas Zabulis, the Chairman of the Board of the Baltic Institute of Corporate Governance.

### About Rytis Ambrazevičius

Rytis has about 20 years of business development and management experience in numerous top positions at various international and local companies – Omnitel (part of TeliaSonera Group), Mandatum Life Baltics (part of Sampo Group), Sampo Life, Falck Security (now G4S), SBA Group of companies to name a few.

Last 10 years he held different positions as the Board member and chairman of many companies and organisations. Currently he is the Board member of AB Klaipėdos nafta.

Rytis graduated with honours from Kaunas Technology University (Mechanical engineering), from International Business School at Vilnius University (BSc Management and business administration), with honours from International Business School at Vilnius University (MBA International trade). He also graduated from Baltic Institute of Corporate Governance in 2012 (Professional Board member certificate) and in 2013 (Chairman’s certificate).
